Team Work

Education

Sage University, Indore (*Sunstone Extension*)

- B.Tech in Computer Science & Technology
- Current Semester: 4th (2nd Year)
- Relevant Coursework: DBMS, DSA,
- Mobile App Dev, Web Dev
- Active Member of Google Developer Groups
- Participated In SIH this Year
- CGPA : 7.65 / 10

Work Experience

2024 - Freelancing as Wix Website Designer

- Designed a digital marketplace for indie game and mod developers to sell assets.
- Integrated Wix E-commerce for secure digital downloads and payment gateways.
- Customized Velo code for a gaming-themed UI/UX and responsive mobile layout

Project Experience

Feb 2025 – Present | Industrial Safety Mesh App | Research Project

- Developing a hazard reporting system for industrial zones with zero network coverage.
- Implementing Bluetooth Mesh technology to ensure connectivity in "dead zones."
- Designed a Low Power Consumption mode for extended device battery life in safety areas.
- *Status:* Core features complete; currently researching mesh optimization.

Nov 2025 | AI Study Flashcards | Flutter

- Built an AI-powered study tool that auto-generates flashcards from study materials.
- Implemented Offline Mode for access without internet and local data caching.
- Created a unique "deck sharing" feature to minimize API credit usage for students.
- Tech Stack: Flutter, AI Integration, Local Storage.

Personal Summary

- Motivated Computer Science student specializing in cross-platform mobile development.
- Proficient in building scalable apps using Flutter, Dart, and Firebase.
- Strong understanding of UI/UX principles and API integration.
- Integrates Ai tools for faster and better productivity
- Highly adaptable professional with a strong aptitude for rapidly mastering new technologies and a commitment to continuous learning.
- Eager to apply skills in a challenging working environment to solve real-world problems.
